

“SAFE PULL” IS A FENCING TOOL USED FOR CLAMPING AND STRETCHING BARBED OR SMOOTH WIRE AND UP TO 5/16” STRAND CABLE. THIS PRODUCT HAS BEEN IN PRODUCTION FOR THE LAST 25 YEARS BUT ONLY SOLD IN A FEW STORES IN TEXAS AND OKLAHOMA i.e., D&D FARM AND RANCH SUPERMARKET AND SEVERAL FARM AND RANCH COOP’S.

THE WEDGE IS A LASER CUT A-36 STEEL, THE CASTING IS A HIGH GRADE STEEL CASTING AND THE QUICK LINK IS 5/16 ZINC PLATED WITH 1300 LBS. CAPACITY. THIS SURPASSES THE TENSILE STRENGTH OF THE WIRE. IT HAS NO SPRINGS THAT BREAK OR GRIP RIDGES THAT WEAR DOWN DUE TO USE. IT GRIPS MORE SURFACE AREA THAN MOST WIRE TOOLS WHICH RESULTS IN LESS CRIMP, KINK OR BEND TO THE WIRE AS IT IS BEING STRETCHED.

THIS ITEM COMES IN A RED POWDER COAT AND THE ONLY PROBLEM OR COMPLAINT WE HAVE EVER EXPERIENCED FROM THE CUSTOMER IS THEY MISPLACED IT OR LOOSE IT BEFORE THEY WEAR OUT.

COST **\$24.99 EA.**

WEIGHT PER TOOL **2.320 LBS.**

ALL ORDERS ARE PLUS SHIPPING AND HANDLING SHIPPING
